

Energy Efficiency Business Coalition

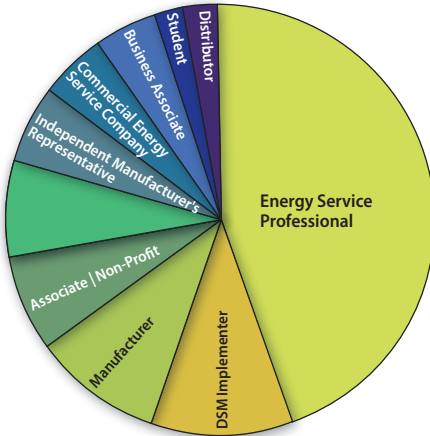

we grow your industry

EEBC SPONSORSHIP | QUARTERLY MEMBERSHIP MEETING

2017 is an exciting year for the Energy Efficiency Business Coalition (EEBC). EEBC is working tirelessly to grow the energy efficiency industry by advocating for the industry through legislation, utility program meetings and at the Public Utility Commission. EEBC relies on the support of leading companies and individuals to carry out the vision to make the environment of our buildings and homes healthier and sustainable, the places where we live, learn, work, and play. EEBC is committed to positioning our annual sponsors as major supporters of energy efficiency in Colorado. Consider sponsoring an EEBC event as a Premiere Industry Sponsor of EEBC's Quarterly Membership Meeting (QMM), Oktoberfest, or educational event. Contact Connie Neuber @ Connie@eebco.org for more information.
